2007 CTA Leadership Conference - Working for Students, Members, and Public Education

Gina Parish and Tami Hassell attended this conference for AEOTE. Gina reports that there was a variety of sessions offered. The sessions ranged from Assertive Communication to Emerging Leaders to Organizing. They were empowering and filled with information on ways to protect members' rights and the association's right to represent its members. She totally recommends attending this conference, if you have a desire to become more aware of unionism. It's Awesome!

Thank you Gina and Tami for giving up your weekend to attend this conference. Members, if you are interested in attending this conference next year, please contact a Board Member.
